

INTERNATIONAL INSTITUTE OF BIOTECHNOLOGY AND TOXICOLOGY (IIBAT) IMS POLICY STATEMENT

IMS POLICY (QMS, EMS, EHS, ISMS)

We, at International Institute of Biotechnology and Toxicology (IIBAT), are committed to provide service through Protection of Quality, Environment, Occupational Health and Safety and Information Security while conducting Non-Clinical Health and Environmental Safety Studies in the fields of Toxicology, Chemistry (Physical and Chemical Testing, Residue Chemistry, Environmental Fate), Eco-Toxicology, Genetic Toxicology, Bio-Efficacy and Agronomy (Crop Protection and Management), Testing of Packaging Materials (for Chemicals, Pharmaceuticals, Food and Feed Additives) and Independent Inspections, Quality Control and Quality Assurance services ensuring satisfaction of our interested parties (specially our sponsors), through:

- Effective implementation of an Integrated Management System (IMS) covering Quality, Environment, Occupational Health & Safety issues and Information Security.
- Effective compliance of applicable statutory, regulatory, legal and other requirements.
- Protection of the environment, preventing pollution due to our activities.
- Safe and healthy working conditions to prevent work related injuries and ill health.
- Confidentiality, Integrity and Availability of information are maintained throughout the process flow.
- Implementation, maintenance and continual improvement of Information Security Management Systems (ISMS). Continual improvement approach addressing performance on Quality, Environment, Occupational Health & Safety and Information Security.
- Regular consultation and participation of the concerned interested parties to ensure effective quality, Environment Safety, Employee health & safety and Information Security.
